REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior does not teach all limitations of the claimed invention including:

- forming, on a first layer of the electrode material, a second layer of electrode material at a peripheral area of the contact portion between the first layer of the electrode material and the penetrating electrodes.
- forming, on a first layer of the electrode material, a second layer of electrode material at the contact portion on a connecting surface of the penetrating electrodes and at a peripheral portion thereof.
- forming a second layer of electrode material which is thicker than a first layer of the electrode material on the piezoelectric layer at a peripheral portion of a contact area between two penetrating electrodes.
- forming a second layer of electrode material which is thicker than a first layer of the electrode material at a peripheral area of the contact portion between the first layer of the electrode material and the penetrating electrodes.

Accordingly, Claims 23-26 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
